the Opening Event.

GUTTENBURG RACE TRACK, Dec. 18.—Racing was continued at the track on the hill to-day with a card that promised some excellent racing. The quality of the racing improves daily at Guttenburg, and the past few days have furnished rare sport.

The card to-day was up to the mark, and

The card to-day was up to the mark, and the taient prophesied that the bookmakers would be utterly routed at the end of the day. The attendance showed a stight falling off, which was no doubt due to the cold weather. The track was hard and dry and the weather clear and fine.

The first race was a five furiong dash, and a very fair crowd of sprinters came to the post. Sir George was a red-hot favorite, at odds on, in his last race, and he seemed to be such a sure thing to-day that few cared to wager that anything would beat him. Mill Young has been elected President.

The second race was a malden affair, and the favorite, Ottawa, won it handlily from Sade, an 8 to 1 shot, who made most of the running. Nabocilah, poorly ridden, was third. Eclipse and Nina Archer were equal favorites for a long time, but the former was finally backed down to even money, and at the post was the favorite. He won easily in the fast time of 1.21.

This escualishes a new record for the East, but does not approach the Western record made by Grandine last Fail of 1.194. Volunteer II., at odds of 25 to 1, landed second, and Tormentor was third. Nina Archer sulfed.
